

## NEDLAC MANAGEMENT COMMITTEE

**TARGET:** To meet 7 times per year, in the months when the Executive Council is not meeting, except December. The Management Committee must oversee the institution and sign off on policy issues for referral to the Executive Council, as well as human resource issues and financial reports.

### Programme Performance

The Management Committee met six times in the year under review. One meeting was postponed due to its proximity to the rescheduled Executive Council meeting, and a new date for the meeting could not be found due to clashes with the World Summit on Sustainable Development.

The Management Committee fulfilled its role of overseeing the day-to-day work of the institution, and was particularly involved in trying to find ways to stretch Nedlac's resources to meet all the demands placed on the institution in the year under review.

Delegates to the Management Committee were:

#### Government

Rams Ramashia (Overall Convenor, Government)  
Elroy Jacobs (Convenor, Development Chamber)
